

## MEDICAL LAB TECHNICIAN

### **OUTCOMES DATA:**

Since the beginning of the Utah State University Medical Lab Technician program in Fall 2011, there have been 43 enrolled students in the program.

42% of students have completed the program.

16% are presently enrolled

.04% have opted to enroll in another MLT program in other schools

.04% have decided to leave the MLT program and enroll in another Health Professions or Nursing program.

Of those that have finished the program, 19% have sat for either the AMT or ASCP certification exam and 19% have passed the examination.

28% of students finishing the program are presently employed as Medical Laboratory Technicians.

We are in the preliminary stages of gathering surveys from present students, graduate students and employers. This is the first time we have sent out surveys since the program began in an effort to collect data which reflects overall satisfaction with the program. We hope to have all data collected and tabulated by January 1<sup>st</sup>, 2017. Report will be forthcoming.
